Adult Pull Up Diaper

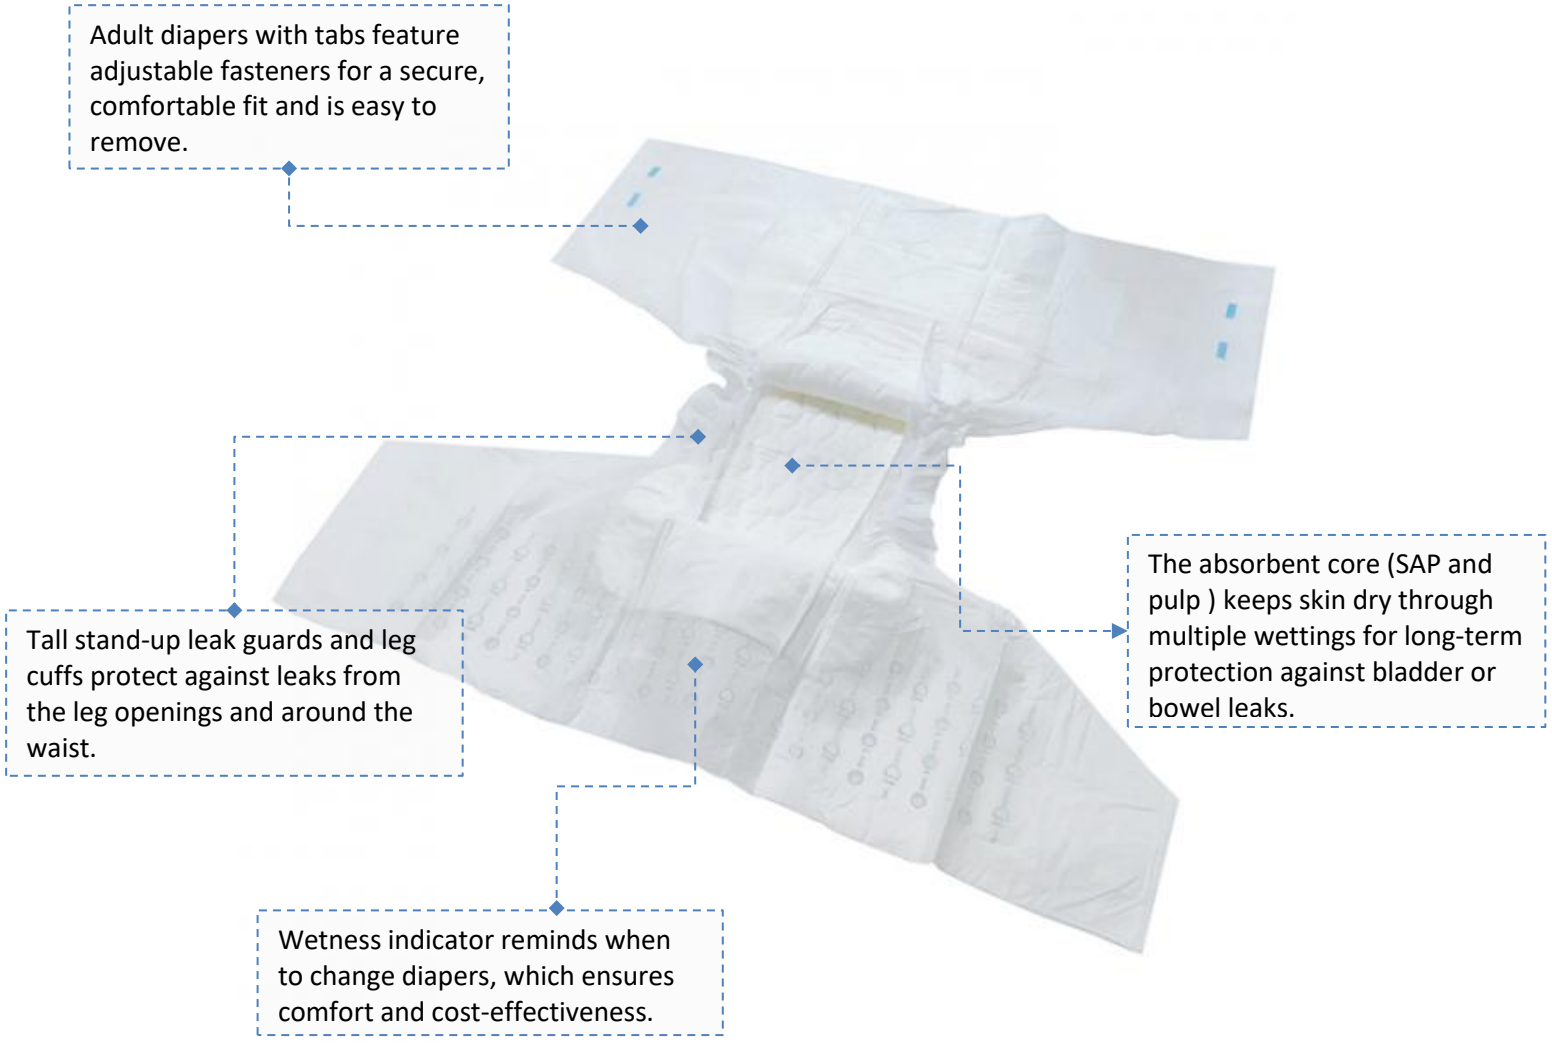
The BOENMED® Pull-up Diaper is a protective underwear designed to be pulled on and off like regular underwear. Our Pull-ups are low-profile and discreet and can absorb large amounts of fluid. They contain materials that has great absorbency and keep wetness away from the skin. The Pull-up Diapers are available in multiple levels of absorbency and an array of size.

Cat. No.	Size	Length*Width (mm)	Waist Size (mm)	Qty/Pack(pcs)
931601	M	560*850	560-1090	10
931602	L	700*850	700-1370	10
931603	XL	840*850	800-1650	10

Incontinence Products

Adult Diaper with Tabs

The BOENMED® Adult Diapers with Tabs are suitable for people with thinner legs and for those who receive caregiver assistance. The Diapers with Tabs can be easily changed without fully removing clothing. The premium superabsorbent core holds a large volume of fluid for all-night protection without interruption. These diapers are a good choice for tackling daily chores and outings.



Cat. No.	Size	Length*Width (mm)	Max Waist (mm)	Qty/Pack(pcs)
931901	M	650*800	1400	150
931902	L	750*930	1600	150
931903	XL	800*960	1700	150
931904	XXL	850*1050	1800	150

Baby Diaper

BOENMED® Baby Diaper is constructed from soft, cloth-like materials, which are gentle on the baby's delicate skin. The baby diaper features a curved and stretchy fit, providing red-mark-free protection around the legs. The diaper has a soft, breathable cloth-like outside with a moderately absorbent core and a soft inside liner to prevent allergic reactions. Our diapers always give babies the best Comfort, Gentle Care, and safety.

Incontinence Products

Disposable Underpads & Chucks

BOENMED® Underpads are available from basic light absorbency up to maximum absorbency pads that are able to reposition patients up to 500 lbs. They act as a secure layer on mattresses, chairs, sofas, wheelchairs, and other surfaces. Our incontinence bed protectors lock in and distribute liquid evenly across the sheet or pad. Incontinence bed protection products are available in a large number of sizes and shapes to fit every surface that might need protection.
